

# ► Choose your own qualification path with training from Pilz UK

Our courses cover all the key areas of Machinery Safety - from Functional Safety and Industrial Security to products and technologies

## International Qualification Programme (IQP)

With the Pilz IQP, delegates can build up their Machinery Safety knowledge gradually and continue training up to the desired degree of qualification.

Divided into four levels, Introduction, Fundamental, Advanced and Expert, delegates can start their journey at any level at any time, depending on their current level of expertise.

Unsure what path you should take or where to start? Contact us at [training@pilz.co.uk](mailto:training@pilz.co.uk) or call us on +44 1536 460766 to be advised on a tailored qualification path personal to you.
